

1. CALL TO ORDER.

2. ROLL CALL.

Members Present: Barkalow, Billings, Daubs, Neilly, Scott, Whyte

3. MINUTES.

- a. Bicycle and Pedestrian Advisory Committee – June 30, 2015

4. UNDERPASS UPDATE.

Billings noted the underpass of Highway 13 was half complete and showed construction pictures of the progress.

5. REVIEW BICYCLE FRIENDLY COMMUNITY APPLICATION

The group reviewed the application and made changes that they felt applied to Marion. Billings noted that this would go before Council at the next meeting prior to being submitted.

6. OTHER BUSINESS

Billings informed the Committee that the Public Service Department would be painting the first bike boulevard that week with a ribbon cutting to follow on August 6th at 4:30pm. She also brought one of the 12 signs that would be placed along the streets to further indicate the purpose of the markings.

Billings then noted she had talked to Todd Goodell about being a running advocate on BPAC. Todd informed her that because he is a cross-country and track coach, he would not be able to attend half the meetings due to practice conflicts with the meeting times. The Committee suggested finding a potential member that would be able to attend more meetings. Billings noted she would get Tom VanBerkum's (Suggested at June meeting) contact information to see if he would be interested in serving on BPAC.

Billings reminded members of BPAC that if they ride their bike to the farmers market on August 8th that they can enter for a chance to win \$25 in Uptown Bucks. Free bike parking is provided by the Linn County Trails Association.

After talking with the Public Service Director, it was noted that the dashes along side of the sharrow markings will be difficult to keep clean looking as the symbols are repainted every year, and they

also require a lot of wasted paint because of the need to overspray on the small dashes. Whyte noted that he felt they were still necessary to have.

7. NEXT MEETING – TUESDAY, AUGUST 25, 2015

Billings noted she would be out of town that week and did not have anything pressing to put on the agenda. Most likely the meeting will be canceled.

8. ADJOURN. (5:30pm)

Respectfully submitted,

Bob Neilly, Secretary
